NOTE: The net loss from a business activity may not be used to offset salaries, wages, commissions or other compensation. However, if a taxpayer is engaged in two or more taxable business activities to be included on the same return, the net loss of one unincorporated business activity (except any portion of a loss separately reportable for municipal tax purposes to another taxing entity) may be used to offset the profits of another for purposes of arriving at overall net profits taxable to Hebron. Example: a resident has rental income and a sole proprietorship activity, once results in a net loss, one in a net gain, you may reduce the gain by the loss attributable to Hebron.
